Additional Information:

Summer 2020 Theme: Summer just got real! For years our TV screens have been filled with reality shows, each with a theme aimed to appeal to the viewer. This summer has nothing to do with TV though...instead of watching TV we will be starring in our own reality based shows. From cupcake wars and house flipping to survivor and the amazing race, kids will engage, compete and star in their own versions of popular shows.

Split Programming: We know our older kids have interests that are different than our youngest learners and they benefit greatly when given more independent tasks. Kids in K-2nd and 3rd-6th grade will have programming tailored to their interests and academic enhancements that keep them challenged and learning throughout the summer.

More Field Trips: In addition to tailored programming our older kids will go on more outings taking them away from their home site. There will be opportunity for additional activities suited to older age groups as well as time spent at sister Ignite sites, giving kids a more diverse group of kids to interact with and form friendships. All age groups will enjoy weekly field trips and will swim two times per week.

Dedicated Staff: Each K-2nd and 3rd-6th grade group will have a separate dedicated lead coordinator and youth development specialist staff that form their summer team. These teams of summer educators will work to build a sense of community within their group and give kids the camp experience they will rave about each day!

This summer is all about experiences and we're excited to pack each day with a variety of fun, engaging activities, field trips and excitement! Join us and 'Let's Get Real' about summer!
