Back again for a fourth year, Camp Capacity Building helps non-profits across South Dakota build their capacity to problem solve, build connections, and improve donor relationships. This year's theme, Leading by Mission, draws attention to the components of a healthy, well-functioning organization with mission at its core.

LEADING BY MISSION OUTCOMES:

- Strategies to leverage resources to their fullest impact
- Maximizing your organization's people power
- Improved strategic thinking skills
- Strengthened accountability and leadership practices
- A stronger non-profit network across South Dakota

TOPICS INCLUDE:

- Making decisions and managing conflict using mission versus your comfort zone
- Firsthand perspective on philanthropic decision making
- Breakouts on marketing, collaboration, outcome evaluation, workforce challenges, and connecting your story with your donors
- And much more!

This interactive experience is designed for executive directors, development staff, program managers, and board members.
