

# Do It Yourself Volunteer Project: *Plant a Garden, Share the Produce!*

## PROJECT OVERVIEW:

This DIY volunteer project is great for those with a green thumb and a large garden. Once produce is ready to harvest, all you have to do is share the extra! The Helpline Center will deliver produce to organizations addressing food insecurity.

### WHAT TO DO:

- 1) Plant seeds & veggie plants
- 3) Be sure seeds & plants get prescribed amounts of sun expose & water
- 4) Tend to plants (water, weed) until ready for harvest
- 5) Harvest produce

### ADDITIONAL IDEAS:

- Instead of planting produce, plant your favorite flowers to share!

## Delivery

Once your DIY volunteer projects are complete, please deliver to your local Helpline Center Office in Brookings (619 5th Avenue), Rapid City (529 Kansas City Street #201), or Sioux Falls (1000 N. West Ave #310). Or call 211 for a list of are non-profits accepting DIY projects. Questions call 211 or email [vol@helplinecenter.org](mailto:vol@helplinecenter.org)

## Promote

Share your experience with the Helpline Center, as well as your family and friends by posting your photos & experience on our **Facebook** page or **Twitter** @HelplineCenter with hashtag #DIYVOLSD

### ITEMS NEEDED:

1. A space to plant
2. Soil or compost
