

Brookings Area Mental Health Guide 2020

Resources Include:
Licensed/Credentialed
Mental Health and
Substance Use Providers

ABOUT THE BROOKINGS AREA MENTAL HEALTH GUIDE

Welcome to the 2020 Brookings Area Mental Health Guide. The Guide is produced as an initiative of the Brookings Mental Health Task Force and is funded by the City of Brookings and Brookings County. This guide was established to help the consumer more readily identify and select licensed and credentialed practitioners and agencies that provide a variety of behavioral health services in the Brookings area.

There are two ways to find a specific resource:

By **Organizational Index** on page 5

By **Service Category** on page 6

Also, available online at www.helplinecenter.org/brookings

Inclusion in this Guide should in no way be construed to constitute an endorsement of a practitioner, an agency, organization, or its service, nor should exclusion be construed to constitute disapproval. The information and certifications which appear in this publication were self-reported by the organizations and practitioners.

Please contact the Helpline Center to inquire about getting a new organization added or making changes to a current one.

1st Edition May 2018
2nd Edition March 2019
3rd Edition March 2020

Selecting a Behavioral Health Practitioner

The following list provides a brief description for the various kinds of Behavioral Health Professionals. Learn more about South Dakota licensing requirements by visiting the Licensing Boards page at dss.sd.gov for alcohol and drug professionals, counselors, psychologists, and social workers or doh.sd.gov for physicians and nurses.

- Addiction and Prevention Professionals** - Work with people to overcome an addiction to drugs or alcohol in individual or group settings. They may also assist families of people with addictions to better understand addiction and how to help their loved one.
- ACT** – Addiction Counselor Trainee(s) must have a minimum of a high school diploma or general education diploma (GED) and be working in the addictions field under the supervision of a CAC or LAC.
- PST** – Prevention Specialist Trainee has a minimum of a Bachelor's degree and is working in the prevention field under the supervision of a CPS, CAC, or a LAC.
- CAC** – Certified Addiction Counselor(s) must have a minimum of a high school diploma or GED; complete all academic and work experience requirements for CAC; apply for certification; and have passed the International Certification & Reciprocity Consortium (IC&RC) examination.
- CPS** – Certified Prevention Specialist must have a minimum of a Bachelor's Degree; complete all academic and work experience requirements for CPS; apply for certification; and have passed the IC&RC examination.
- LAC** – Licensed Addiction Counselor(s) must have a minimum of a Master's Degree in a behavioral science field; complete all academic and work experience requirements for LAC; apply for licensure; and have passed the IC&RC examination.
- Counselor** - Counselors are trained in therapeutic technique and theory. They provide “talk therapy” as opposed to medication to help people with their concerns. Some counselors have extra focus on a specific topic such as marriage and family. In the behavioral health setting, counselors can be found providing therapy or case management services.
- LPC** - Licensed Professional Counselors must have at least a Master's degree, 2,000 hours post-graduate supervised experience, and passed the National Counselor Examination (NCE).
- LPC-MH** - Licensed Professional Counselor - Mental Health must have an LPC, required coursework, 2,000 hours post-graduate supervised experience and passed the National Clinical Mental Health Counselor Examination (NCMHCE). Insurance or Medicaid reimbursement may require a LPC-MH certification.
- LMFT** - Licensed Marriage and Family Therapists must have at least a Master's degree in marriage and family therapy, completed 1,700 hours post-graduate supervised experience, and pass the Marital and Family Therapy Examination.
- Psychiatrist** - A psychiatrist is a physician with additional specialized training in psychiatry. In the behavioral health setting, psychiatrists prescribe medications and engage patients in therapy.
- Psychologist** - Licensed psychologists complete a standardized training program at the doctoral level. Training involves understanding the development of personality, learning, and interpersonal relationships. Using tests to evaluate individuals is usually a major emphasis, but they also conduct individual, family and group therapy.
- School Psychologist** - Works in the school setting to help individual students resolve learning and behavioral challenges that are affecting academic performance and to help teachers improve the learning process. School psychologists are trained in both psychology and education.
- Social Worker** - Social workers are trained to complete a variety of tasks and are found in many areas outside of behavioral health services. In the behavioral health setting, social workers might provide talk therapy, case management, or connect people to resources.
- SWA** – A Social Work Associate has a baccalaureate degree in a nonsocial work field or discipline or an associate of arts degree in a human services in a program from a junior college, college, or university approved by the Board and have passed a Board examination.
- SW** – A Social Worker has a baccalaureate degree in a social work field or discipline and have passed a Board examination. Some social workers indicate this licensure as LSW to match the paper license they received when they became licensed.
- CSW** – A Certified Social Worker has either a Doctorate or master's social work degree and passed a Board examination.
- CSW-PIP** – A Clinical Social Worker - Practitioner in Private Practice has met the requirements of a CSW (for a minimum of two years), have had 2 additional years of specialized supervision, and passed a Board examination.

Selecting a Behavioral Health Practitioner

Choosing among the many options available in behavioral health care can be a confusing task. As with any type of service there are basic questions that can assist you in becoming an informed consumer. Ask yourself these questions:

- * What are the critical issues for which you would like to obtain help and what are the desired results you hope to see?
- * Do you have a preference regarding type of setting (i.e. inpatient, outpatient, group therapy, etc.) or type of therapeutic approach?
- * Is there a particular time of the day or week that would be best for you to arrange an appointment?
- * Is there coverage offered by your insurance, health care plan, or employer that can offset some or all of the cost of treatment?

With this information in mind, select two or three behavioral health practitioners and call for a short phone interview. Briefly describe your issues or goals and ask if the provider is skilled in these areas. Ask a few questions about the provider's background and practices.

- * What therapeutic approaches and techniques does she or he most frequently use?
- * How will therapeutic goals be established?
- * How will you know when therapy is complete?

After talking with a potential practitioner, ask yourself:

- * Did you feel a sense of confidence in this person?
- * Did the practitioner's approach seem to make sense to you?
- * Did you feel comfortable talking with this practitioner?

Glossary of Abbreviations - Degrees

This is a key to abbreviations of professional accreditations and certifications used throughout this guide.

AA	Associate of Arts
BA	Bachelor of Arts
BFA	Bachelor of Fine Arts
BS	Bachelor of Science
BSW	Bachelor of Social Work
DMin	Doctor of Ministry
DO	Doctor of Osteopathy
DSW	Doctorate in Social Work
EdD	Doctor of Education
EdS	Education Specialist
JD	Juris Doctorate
MA	Master of Arts
MAT	Master of Arts in Teaching
MBA	Master of Business Administration
MD	Doctor of Medicine
MDiv	Masters in Divinity
MEd	Master of Education
MOL	Masters in Organizational Leadership
MS	Master of Science
MSEd	Master of Science in Education
MSSA	Master of Science in Social Administration
MSW	Master of Social Work
PhD	Doctor of Philosophy
PsyD	Doctor of Psychology
RD	Registered Dietitian
RN	Registered Nurse
RN-BC	Registered Nurse, Board Certified

Glossary of Abbreviations - Certifications and Licenses

This is a key to abbreviations used throughout this guide, primarily for professional accreditations and certifications.

ABN	American Board of Professional Neuropsychology
ACA	American Counseling Association
ACS	Approved Clinical Supervisor
ACT	Addiction Counselor Trainee

Website: www.sdquitline.com

Fax: (605) 322-3858

Hours: 7:00am - 11:00pm, Monday – Friday / 8:00am - 5:00pm, Saturday

Fees: None

Provides over-the-phone coaching from trained professionals who will schedule regular follow-up calls over several weeks to offer support. Can also provide participants with free quit-tobacco products such as nicotine patches, gum, or lozenges or prescription medication. Postpartum program for those who have quit smoking during pregnancy. Providing additional relapse prevention calls and potential to receive gift card incentives. The Kickstart Kit is a quit guide and two weeks of patches, gum, or lozenges that can be ordered at www.sdquitline.com.

South Dakota Resource Hotline for Substance Use

Phone: (800) 920-4343

Website: www.avoidopioidsd.com or www.onmeth.com

Hours: 24 hours a day / 7 days a week

Fees: None

The hotline provides a place where individuals are able to reach out for information on treatment resources and support. An additional service provided through the hotline is Care Coordination. Care Coordinators are trained specialists whom provide support for those with living with opioid misuse or other substance use disorders. They are especially helpful when it comes to knowing what options are available and for taking the first steps toward recovery.
