Phone: (605) 455-2331
Eligibility: Enrolled Tribal Members 12 years of age and older; degree of Indian blood or Tribal Enrollment number required.

A comprehensive substance abuse program offering addiction prevention, treatment, and recovery support services for adolescents and adults experiencing problems with alcohol and drugs. Traditional concepts of health among many American Indian families within the Pine Ridge Tribal Lands involve the intersection of physical, mental, and spiritual wellbeing, which are all seen as inextricably linked. Therefore, ALO uses a comprehensive approach for behavioral health programming, which is guided by traditional Lakota values (ie. wacatognaka (generosity), wohitika (courage), wowacitaka (perseverance), waoholaka (respect), wausila (compassion), and woksape (wisdom)).

Alcohol and Substance Abuse Services include:
- Alcohol and Drug Evaluation/Assessments (Phone assessments by appointment):
  - Provides alcohol and substance abuse diagnostic services to determine the presence of alcohol and substance abuse disorders. Results from client assessment are used to arrange treatment, recovery support, and other social services that are administered within the Tribe and external agencies. Call to set up an appointment
- Outpatient Treatment:
  - Provides intervention for individuals and families burdened with alcohol and substance abuse disorders. Provides group and individual counseling as well as education on a wide variety of topics. When implemented in a group setting, Outpatient Treatment works toward creating an environment of positive peer culture where clients learn from each other’s experiences and work together to develop solutions to common problems. Outpatient Treatment is tied to each client's individual treatment/success plan, which facilitates the development of new life skills necessary to eliminate alcoholism, substance abuse, and other destructive behavior.
  - Outpatient Treatment Groups (more than 3 groups active online)
    - Youth Group (2 active groups at 5:00pm on Thursdays)
- Day Treatment:
  - Provides intensive alcohol and drug treatment for 5 - 7 hours per day for several days a week. Day treatment programming that serves inmates in the Adult Offender Facility (AOF) in Pine Ridge, SD. The duration of client participation is dependent upon the specific evidence based curriculum being used to guide day treatment programming.
- Primary Residential Treatment:
  - Facilitates the rehabilitation of an alcohol/substance abuse user by placing the client in a highly structured therapeutic environment that is short-term ranging from 30 to 60 days. Medically Monitored Withdrawal Management:
- Individuals in need of medically monitored detoxification treatment for substance use disorders may participate in our 10-bed program. Individuals may be admitted voluntarily or involuntarily under an Emergency Detainment or Involuntary Drug and Alcohol Committal (IVC). During a short-term stay (approximately 3-7 days), we will provide medical stabilization to support a safe withdrawal and provide recommendations for continued care and treatment after discharge.

Sobering Observation for Intoxicated Individuals:
- Individuals under the influence of alcohol or other mood-altering substances who are in need of observation and support in order to reach a safe level of sobriety may participate in our sobering observation program. Prior to discharge, we will offer connections to community resources and provide education regarding available substance use treatment options.

Mental Health Crisis Stabilization:
- Individuals experiencing a mental health crisis, who are not actively suicidal or violent, and would benefit from short-term stabilization may participate in our 3-bed program; length of stay can be up to 23 hours. Prior to discharge, we will work with individuals to develop a crisis response plan and offer recommendations for ongoing community and mental health support. If an individual is determined to be in need of a higher level of care to safely manage their mental health symptoms, we will assist them with a referral to higher level of care.

Client-centered, cognitive behavioral and energy based counseling for children, teens, adults, and families. For children, play therapy addresses many issues including physical and sexual abuse, grief and loss, anxiety, depression, recovery from traumatic events, divorce, and foster or adoptive situations.

Individual and family counseling for children and teens addresses behavior disorders, family and relationship issues, parenting concerns, substance abuse, eating disorders, self-harming behaviors, chronic mental illness, anxiety, depression, and self-esteem. Sessions often focus on exploring and shifting core beliefs through resolving past issues.

For adults, sessions blend Cognitive Behavioral and Client Centered Therapies with Energy Psychology techniques to understand how their issues may be influenced by past trauma. By identifying dysfunctional core beliefs and resolving the events/emotions that helped create those false beliefs, clients can move forward with more joy, less stress and confidence in their own power to heal.

Sessions utilize energy balancing and clearing techniques (Emotional Freedom Technique, Emotional Code/Body Code and Matrix Reimprinting) as appropriate to release blocked emotions and energy for clients of all ages. Flexible scheduling allows for sessions to be held in the office or other community settings when possible, and telehealth sessions are available.

Prevention Services offered at Aneptu Luta Otipi
North Route, Kyle, SD 57752
Hours: 9:00am - 4:00pm (MT), Monday - Friday
Phone: (605) 455-2331
Eligibility: Enrolled Tribal Members 12 years of age and older;degree of Indian blood or Tribal Enrollment number required.
A comprehensive substance abuse program offering addiction prevention, treatment, and recovery support services for adolescents and adults experiencing problems with alcohol and drugs. Traditional concepts of health among many American Indian families within the Pine Ridge Tribal Lands involve the intersection of physical, mental, and spiritual wellbeing, which are all seen as inextricably linked. Therefore, ALO uses a comprehensive approach for behavioral health programming, which is guided by traditional Lakota values (ie. waca'tognaka (generosity), woohitika (courage), wowaci'ta'ka (perseverance), waoholaka (respect), wau'sila (compassion), and woksape (wisdom).

Prevention services include:
-Prevention:
  -Aims to delay the initiation and/or progression ATODs. Prevention initiatives can be implemented at the population level as well as within the small group setting. Anpetu Luta Otipi's strategy for prevention includes: 1. Developing the capacity of prevention stakeholders to plan and implement evidence based prevention practices;2. Promote policies that promote the health of the public and restrict access to ATODs;3. Health promotion/disease prevention through social Marking and health communication;and 4 facilitation of cultural-based alcohol and drug free events that communicate public health messages.
  -Early Intervention:
    -Aims to curb at risk behavior (I.E. binge drinking) that has not yet become a disorder (I.E. alcoholism). Early Intervention services are delivered in groups or one-on-one with clients. Early Intervention links the client with both internal and/or external resources that are the most appropriate for his/her situation. Offers 2 types of early interventions:
      -South Dakota's DUI First Program, provides 12 hours of education to individuals who have been convicted of a first offense DUI/DWI.
      -Provides youth diversion for infractions and/or misdemeanors related to alcohol and substance abuse.
